

# FAMILY FAITH

Tips and tricks for  
how you can  
incorporate FAITH  
into your family life.

Grades 7-8

Attend and participate in Sunday Mass as a Family. Afterword, talk about some of the things mentioned in the Homily.

CELEBRATE the feasts and liturgical seasons of the Church calendar.

Discuss ways in which your child can spread the good news about Jesus. How can they stand up for their faith with their friends at school?

Help your child become familiar with a church agency that serves the needs of the community. Think about doing a family service project benefiting a Catholic Charity.

Encourage your child to start praying about his or her vocation and encourage them to really consider the plan that GOD has for their life. Tell them about what it's like being married, encourage them to ask Father or a Religious Sister what it is like living out their vocation.

Purchase a Catholic teen bible as a gift and encourage your child to use it often. Consider doing some sort of bible study as a family.

"Parents have the unique responsibility for the education of their children; they are the first educators or catechists. They teach by their witness of the faith through their values and attitudes, by their Christian example of love of Christ and His Church. When children are baptized parents accept the responsibility to raise their children in the practice of the faith.."
